

CODEWORD

Crack the cipher — every letter is a number

Bookatello Free Codeword Set 1

20 Codeword Puzzles

by Bookatello

How to Solve

No clues — just a cipher. Cross letters off the A-Z strip as you place them.

Instructions:

1. Every letter A-Z stands for one number from 1 to 26.
2. The same number always means the same letter in a puzzle.
3. A few letters are given to start; write them into every matching cell.
4. Use the crossings to work out the rest, one letter at a time.

Tip: look for short common words and repeated numbers to spot vowels first.
