

FILLIN

Fit every word into the grid

Bookatello Free Word Fill-In Set 1

20 Fill-In Puzzles

by Bookatello

How to Solve

No clues to decode — just fit every listed word into the grid.

Instructions:

1. Every word in the list fits into the grid exactly once.
2. Match each word to an empty run of the same length.
3. Where words cross, the shared letter must agree.
4. One word is filled in to start; check the solutions in back.

Tip: place the longest words first; they have the fewest possible spots.
